

5 Benefits of Unfinished Hardwood Flooring

Are you considering installing unfinished hardwood flooring in your residential or commercial space? Discover 5 major benefits of unfinished hardwood flooring here!

1

Customizable

- Raw wood offers endless options
- Custom borders, herringbone, and inlays

2

Natural Appearance

- Maintains look of real wood
- Displays natural beauty and grain

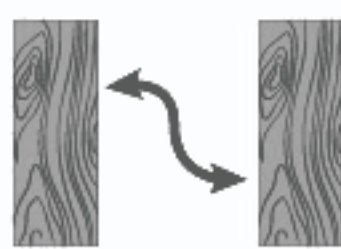

3

Durable

- On-site finishing creates durability
- Sturdy and long-lasting

4

Easy to Match

- Easily matched to existing floors
- Raw wood will never be “discontinued”

5

Smother than Prefinished Hardwood

- Sanded on-site for a smooth, even finish
- Perfectly flat floor
- No bevels between boards
