

5 Benefits of Prefinished Hardwood Flooring

Are you considering installing prefinished hardwood flooring in your residential or commercial space? Learn about the 5 major benefits of prefinished hardwood flooring here!

1

Easy to Install

- Fast installation with quick turnaround
- Easy to install compared to unfinished hardwood

2

No Smell

- Prefinished in factory
- No chemical finish applied on-site

3

Lower Cost

- Less expensive than unfinished hardwood
- Reduced labor & installation costs

4

Better Coating

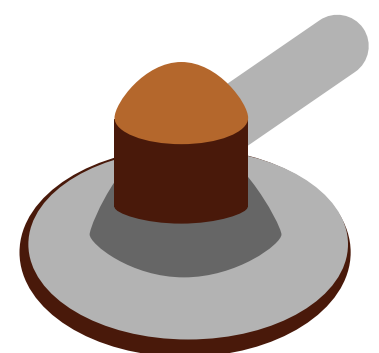

- Thick coating compared to manual finishing
- Uniform, factory finish

5

No Sanding Required

- Sanded during factory finishing
- Prevents dust caused by sanding
